SURREPTITIOUS BUSINESS

MONKEY BUSINESS

We're having our Xmas tonight. Cara went out today & bought us a radio and also a tape recorder. Both beautiful. I'm using the latter to tape all future conversations with Warren Commission critics. Decided I now see the lawyerly virtue of having a record of everything. Or at least of everything relating to the Assination -- as a friend of mine spelled it recently in an ignorant, "ononymous" letter to Weisberg, reporting on my activities in the Illuminat Eye. I never knew paranoid-baiting could be so much fun. ~~██████████~~ Hell, I would have gone and gotten arrested sooner. (Note: If anyone contacts you who is "sympathetic" to my plight, check with me before dealing with them -- even if they provide documentation. There is at least one loose nut in this thing who has a letter from me which indicates I trust him and which is obsolete. But he has screwed himself up so much that if he is connected with Garrison it'll just be more goodies for me, if my case comes to trial -- which I kind of don't expect, though I'm going to ~~████~~ make it pretty embarrassing for them if they don't set a trial date soon. The man "who can't get any of his cases into court" -- cat crap!)

Cara is all pretty and glowing and has been in an absolutely wonderful mood all along. (Take-off day is 2 months off now.) She has been working, what's more, at all kinds of temporary jobs, raking in the \$\$\$. I'm still dishwashing down the street, which is cool because it is an automatic-type job with no pressure whatever and I am in my own little department in full command. During spare hours down there I have written almost half a little manual on YIN REVOLUTION I'm doing, which I plan to publish myself (by getting a mimeograph) and send out some month -- one chapter at a time -- in place of ZENARCHY. It is really an EFFECTIVE approach to nonviolent change, in my opinion. Which is needed badly. Christ, what an ~~██████~~ incoherent paragraph! Well, you get the idea.

Paintings on the style of psychedelic posters sounds wild! I love that idea. Maybe you could get Albert to make 35mm slides of them. Use them for light shows, etc.

Note from Cara: We have an idea we'd like you to consider: We'd like you to be the baby's godparents ~~or~~ -- precisely we'd like ~~you~~ to make an arrangement whereby if anything happened to us -- you'd raise the baby for us.... Having seen evidence of your parental ~~capabix~~ capabilities we ~~would~~ would feel ~~secure~~ very good about your raising a child of ~~ours~~

NOTHING IS TRUE. EVERYTHING IS PERMISSIBLE" . We've got

about \$2750 worth of life insurance between us -- the remainder after burial etc. w(this is really morbid, isn't it?) we could see would go to you etc. My dad could draw up the agreement so there wouldn't be any problems....

I know this is asking you to entertain the possibility of starting a new family, and I can appreciate the fact that this plus possible emigration to Samoa etc. would make you hesitate to accept the responsibility and please don't feel badly about it if you decide not to. We just wanted to ask you first -- you know give you first crack at this beautiful child we're busy creating....

Love you

love you, love you, love you, love you
